

Description

This is a new generation of mobile broadband product, 3-IN-1 USB 4G LTE WiFi Modem, compact, portable and fashionable, plug and play:

- 1. 4G USB Dongle (compatible with 3G network also) by inserting a 4G SIM Card;
- 2. Integrated with WiFi hotspots, it can support up to 10 users to connect simultaneously. Transfer data with Ultra-High Speed by simply connecting to the USB port of your Computer / notebook / Laptop / UMPC (Ultra-mobile Personal Computer) / MID Devices (Mobile Internet Device), Car DVD Player, Mobile Power Bank, Portable Car Charger, etc, it is low power dissipation, you can enjoy WiFi with family and friends any time for a powerful network experience for surfing, chatting, or playing online, wherever in office, at home or in your car, so it is a mobile WiFi (MiFi);
- 3. TF SD Card Reader.

Features

- This 4G USB dongle can generate WiFi signal with a SIM card as a wireless router (SIM Card excluded).
- 100% Brand new and high quality.
- WiFi: 802.11 b/g/n (Can support max 10 users to share the WiFi).
- Can be used as common 4G USB dongle
- Plug and play, no CD-ROM Drive needed.
- Supports external memory via Micro TF SD card slot (Supports TF Card up to 32GB, TF card excluded).
- APN auto management supported.
- With indicator light, it is convenient to know whether it works.

Specifications

- High speed data rate:
 - * Down-link speed 100Mbps
 - * Up-link speed 50Mbps
- Frequency bands for option:
 - * LTE-FDD: 2100 (B1) / 1800 (B3);
 - * WCDMA/HSPA/UMTS: 2100MHz;
 - * SIM Card FDD: 2100(B1)/1800(B3) U1
- More country operator and frequency band, please check below link:
https://en.wikipedia.org/wiki/List_of_LTE_networks
- Chip: Qualcomm 9200
- Technology standard:
 - * HSPA+: 3GPP Release6, up to 11Mbps UL, category 7
 - * HSPA+: 3GPP Release, up to 42Mbps DL, category 7/8
- External interface:
 - * USB: Standard USB interface
 - * USB speed: USB 2.0
- Power mode: Powered by USB interface
- AT interface: 3GPP TS 27.005 and 27.007
- SIM / USIM: Standard 6 PIN SIM card interface, compliant with 3GPP 31.101 and 31.102
- OS support: Windows, Android, Mac WiFi.
 - * Windows 2000 / 2003 / XP / VISTA / Win 7 / Win 8 / Win 10 with 32 bit and 64 bit.
- Input: 5V/1A
- Power consumption: <=2W
- WiFi security mode: open, WPA-PSK, WPA2-PSK
- Material: ABS
- Size: 95mm x 34mm x 11mm
- Shipping Weight: 0.060Kg

Parcel Contents

- 1* USB 4G LTE / WiFi Modem
